"Please allow me, first of all, to thank you dearly for the wonderful experience that X was able to have at Vacational Studies. One of the very first things that he told me while heading home from the airport was that he definitely wanted to go back next summer, which is proof enough that we had made the right decision by signing him up this year."

"A very happy and tired X that we picked up Saturday. She certainly had the time of her life, with new friendship from all over the world. (Just as me in '92). Already talking about next year."

"I've gained maturity, responsibility, and self-confidence. I'm sure that all of these characteristics will be very important and valuable for my future life."

"The mixture of fun, learning, and bonding has been enriching and rewarding for him, and for that we thank you."

"Since X is back from Mary Hare, he asked me daily to apply for his stay with you in 2024. Obviously, he enjoyed his summer stay to its full extent with you, made a lot of new friends, improved his skills, became more self-confident. In summary would be more than happy if he was allowed to come again and take another step to the next level of his development as a person"

'Vacational Studies is becoming an important part of our family life.'

"I think that we are never the same after VacStuds. There's always something, even if it's a small thing, that changes you. Of course, you need to be open to that change, but if you are, it's overwhelming."

"I came to VacStuds filled with anxiety and worry, unable to seize many opportunities. Now, I firmly believe that I will be able to grasp any opportunity presented my way, despite feelings of anxiety, and I cannot thank you enough for that."

"Thanks a lot for the wonderful time the girls spent with you and your team. They are so happy and they are still in contact with all their new friends. They had a gorgeous time. Also, they loved to be without the phone. Their biggest wish is to come back next year."

"I'm quite young to be absolutely sure about things but there is something that I don't have any doubt about: the person I want to be in my life in general it's the person I'm at VacStuds"
